COTTAGE GARDENS NURSERY BOOK

PRICE LIST
1905-06

COTTAGE GARDENS CO.
QUEENS · LONG ISLAND
NEW YORK

Terms and Conditions

Terms of Sale.—Five or more of one sort will be sold at the 10 rate, except when otherwise noted.

Prices subject to change without notice.

Credit.—Sixty days will be given to customers of approved credit; 3 per cent. discount for cash within 15 days from date of invoice, or 5 per cent. discount for cash with order.

Orders from new customers must be accompanied by remittance or satisfactory reference.

Remittances may be made by post-office money order, or express money order, on Queens, N. Y.; draft, check or registered letter.

C. O. D. orders must be accompanied by remittance or satisfactory reference.

Warranty.—We warrant all plants or cuttings that are sold by us to be true to name, and to be in healthy growing condition when delivered to express company, and we will cheerfully replace any stock not fulfilling these conditions; but we do not warrant any plants of any description to remain free from disease of any kind after they have passed from our care, nor do we assume any responsibility whatever regarding the purchaser's success in cultivating the plants, and orders will be filled by us only upon above conditions.

All Claims must be made immediately upon receipt of goods. Later claims will not be considered. Where loss occurs through our fault we will take pleasure in correcting it, but we cannot be held responsible for damages occurring in transit.

Don't forget to write your name, post-office and express office address, and plainly state which express company you prefer to handle your consignments.

These Quotations are made subject to crop failures and to goods being unsold upon receipt of order.

Send Your Orders Early. Don't wait until last of season, when stocks are broken.

OUR CATALOGUES

Carnation Catalogue—Issued annually, on January 1.

Nursery Book—Descriptive and catalogue, issued every two years, in February.

Nursery Price List—A compact price-list of Nursery Stock, without any descriptions, issued annually, on September 1.

Peony Catalogue—A full descriptive catalogue of Peonies, issued annually, in June.

Long Distance Telephone, 91 L JAMAICA

Cottage Garden Nurseries

Cottage Gardens Nurseries are situated eleven miles from Herald Square, New York, upon the Long Island Railroad, in the center of that rich horticultural district which has made Long Island famous for its fruits, flowers and garden products. The premises comprise about 110 acres of land that is particularly adapted to the culture of trees, evergreens and shrubs. The character of the soil is of such nature as favors the rapid production of an abundant fibrous root system in plants, and the climatic conditions favor a vigorous, healthy growth.

We plant our Rhododendrons, Kalmias and various other under-cover plants under natural conditions, and in just such environments as are best adapted to their perfect growth.

SPECIMEN PLANTS

We aim to maintain a very extensive collection of such deciduous trees, evergreens and flowering shrubs as are suitable for American planting, and to make a specialty of growing large, well-formed specimens in such a manner as will insure their safe transplanting and the production of immediate effects.

SHIPPING FACILITIES

Our shipping facilities are unexcelled. We have an extensive sidetrack located upon our nursery grounds, and make a specialty of filling large orders which can be shipped in carload lots, thus saving freight and escaping the dangers of injury due to handling while in transit. Having immediate access to bulk car loading enables us to ship the largest sized material in the best possible condition, using, for extra heavy stock, large gondola cars, which are built up as the cars are loaded, and roofed in so that the danger of injury to the stock in transit is avoided.

This will be found a great convenience when unloading the cars, as the roof may be taken off and the side boards removed as the car is unloaded, contributing thereby to the easy handling of heavy stock.

We pay special attention to the handling and shipping of evergreens, all of which are skillfully dug, with good balls, which are carefully burlapped.

Our nurseries are open to visitors upon all days except Sundays, and we extend a cordial invitation to all who are in any sense interested in gardening to visit our premises, which are located a short distance from Queens station, upon the Long Island Railroad, and are reached by excellent macadamized roads.

All visitors will be furnished transportation to and from the station, if they will notify us of their intended arrival, that we may make arrangements in time.

RETINOSPORA The Japanese Cypress

As usually grown, form very handsome, formal-growing dwarf evergreens of soft, distinct colors and great variety of habit; are quite hardy, and may be classed among the most useful of evergreens for small places. Our plants have been transplanted from three to eight times, and are compact and symmetrical, and those varieties that are benefited by it have been sheared several times.

		Each.	Per 10.
R. ericoides.	Heath-like Japan Cypress.

12 to 14 ft., 2½ to 3 in. cal.....	3 50	
Grown 8 ft. apart; perfect heads.		

POPULUS The Poplar

P. alba Bolleana. Bolle's Poplar. 6 to 8 ft.....	50	4 00
20 to 24 ft.....	3 00	
P. argentea. Silver Poplar. 12 to 16 ft., 2½ in. cal.	2 50	
P. balsamifera. Balsam Poplar. 10 to 12 ft.....	1 00	9 00
12 to 14 ft.....	1 50	12 50
P. monilifera caroliniensis. Carolina Poplar.		
12 to 14 ft.....	1 25	10 00
14 to 16 ft.....	1 50	12 50
16 to 18 ft.....	2 00	17 50
18 to 20 ft.....	3 00	27 50
P. nigra fastigiata. Lombardy Poplar.		
14 to 16 ft.....	2 00	17 50
16 to 18 ft., feathered to the ground.....	2 50	22 50
18 to 20 ft.....	3 00	27 50

PRUNUS The Plum

P. Pissardi. Purple-leaved Plum.		
3 to 4 ft.....	50	4 50
4 to 5 ft.....	75	6 00
5 to 6 ft.....	1 00	7 50

QUERCUS The Oak

Q. alba. White Oak. 5 to 6 ft.....	1 25	10 00
6 to 8 ft.....	1 50	12 50
Q. bicolor. Swamp White Oak. 7 to 8 ft.....	1 50	12 50
8 to 9 ft.....	2 00	17 50
10 to 12 ft., 3 in. cal.....	4 00	35 00
Q. coccinea. Scarlet Oak. 5 to 6 ft.....	1 00	8 00
6 to 8 ft.....	1 50	12 50
8 to 10 ft.....	2 50	22 50
Q. macrocarpa. Mossy Cup Oak. 6 to 8 ft.....	1 50	12 50
8 to 10 ft.....	2 50	22 50
Q. palustris. Pin Oak. 6 to 8 ft.....	1 25	10 00
8 to 10 ft., low branched.....	2 00	17 50
10 to 12 ft., low branched.....	2 50	22 50
12 to 14 ft., trimmed for avenue planting.....	3 00	27 50
12 to 14 ft., low branched.....	3 50	32 50
14 to 16 ft., low branched.....	\$5.00 to 7 50	

Write for prices by the 100 or 1000.

Quercus—Continued

	Each.	Per 10.
Q. Prinus. Rock Chestnut Oak 7 ft.....	1 00	8 50
7 to 8 ft.....	1 25	10 00
8 to 9 ft.....	1 50	12 50
9 to 10 ft., 2 in. cal.....	2 00	17 50
Q. rubra. Red Oak. 5 to 6 ft.....	75	7 00
6 to 7 ft.....	1 00	8 50
7 to 8 ft.....	1 25	10 00
8 to 10 ft.....	2 00	17 50
10 to 12 ft.....	2 50	22 50

Our Oaks have been frequently transplanted, are growing 8 feet apart, are low branched and especially shapely specimens.

RHUS The Sumach

R. glabra. Smooth Sumach. 5 to 6 ft.....	50	4 50
R. semialata Osbeckii. Japanese Sumach.		
3 to 4 ft.....	40	3 00
4 to 5 ft.....	50	4 00

Fruits

APPLES

Prices: 5 to 6 feet, 35 cts. each, \$3.00 per ten; 6 to 7 feet, 50 cts. each, \$4.00 per ten. Larger trees, 75 cts. to \$1.50 each.

Summer varieties—Yellow Transparent, Early Harvest, Red Astrachan, Sweet Bough.

Autumn varieties—Chenango, Fall Pippin, Maiden's Blush, Wealthy, Gravenstein, Rhode Island Greening.

Winter varieties—Baldwin, Bismarck, Jonathan, Wagener, King, Northern Spy, Red Canada, Rome Beauty, Yellow Belle Fleur, York Imperial, Roxbury, Russet, Newtown Pippin.

Crab apples—Transcendent, Red Siberian, Yellow Siberian.

PEARS

Prices: 5 to 6 feet, 50 cts. each, \$4.00 per ten; 6 to 7 feet, 75 cts. each, \$6.00 per ten. Larger trees, \$1.00 to \$1.50 each.

Summer varieties—Bartlett, Gifford, Clapp's Favorite, Doyenne d'Été.

Autumn varieties—Hardy, Louise Bonne of Jersey, Seckel, Sheldon (Smith).

Winter varieties—Bergamotte Esperon, Anjou, Duchesse d'Angoulême, Lawrence, Worden's Seckel.

CHERRIES

Prices: 5 to 6 feet, 75 cts. each, \$6.00 per ten; 6 to 7 feet, \$1.00 each, \$9.00 per ten.

Sweet varieties—Black Tartarian, Downer's Late Red, Coe's Transparent, Governor Wood.

Sour varieties—Early Richmond, English Morello.

GRAPES

Prices: 2-year-old plants, 25 cts. each, \$2.00 per ten.

Black Grapes—Moore's Early, Concord, Eaton, Wilder, Worden.

Red Grapes—Agawam, Brighton, Catawba, Delaware, Salem.

White Grapes—Green Mountain, Martha, Moore's Diamond, Niagara.

PEACHES

Prices: 25 cts. each, \$2.00 per ten.

Champion, Crawford's Early, Crawford's Late, Crosby, Early York, Elberta, Foster, Morris White, Mountain Rose, Old Mixon Free, Stevens' Rareripe, Stump of the World.

PLUMS

Prices: 75 cts. each, \$6.00 per ten.

Japan Plums—Abundance, Burbank, Hale, Red June.

European Plums—Bradshaw, Green Gage, German Prune, Imperial Gage, Lombard.

QUINCES

Prices: 50 cts. each, \$4.00 per ten. Extra size, 75 cts. each, \$7.00 per ten.

Apple or Orange, Champion.

CURRANTS

Prices: 15 cts. each, \$1.00 per ten; 2-year-old.

Black Naples, Cherry, Fay's Prolific, La Versailles, White Grape.

GOOSEBERRIES

Prices: 35 cts. each, \$2.50 per ten; 2-year-old.

Downing, Houghton's Seedling, Industry.

Write for prices by the 100 or 1000.

Landscape Department

Many business men, not having the time, and some not the taste, to personally attend to the adornment and arrangement of their grounds, occasionally find that the gardener or superintendent has not had experience enough about the work to do it economically, quickly or satisfactorily. Call on us for advice on all sorts of problems connected with Landscape Architecture and Gardening, and, wherever we can, we are willing to give **our experience free to customers.**

APPOINTMENT

If the problem is such we cannot answer it without a visit to the place we will tell you so and appointments for same can be made with our Mr. Hamilton. His eighteen years of practical work on the grounds has proven satisfactory wherever he has been employed, and at a saving sometimes of more than 25 per cent., after his charges are paid, on ideas and plans previously contemplated.

SKETCHES

For those who desire it we make perspective sketches showing how their grounds will look when completed, and believe our work in this line will compare with the best in the country. Planting plans are made when the work requires it, and they save their cost many times over, especially when the work cannot be done in one season.

PLANTING

We deliver and plant any of the stock offered in this list, on orders amounting to \$100 or over, within a reasonable distance of New York City, at a slight excess of price quoted, and we can send experienced foremen anywhere, to superintend planting, for \$5 per day and expenses.

TREE MOVING

We use the Wilkens' tree-moving machine for planting trees for screens and immediate effects. For moving large evergreens and street trees, from 8 to 10 inches in diameter, it is the best tree mover made, without any exception, requiring less men, less horses and less rigging, consequently less cost, and at the same time doing the work better than any machine we have ever seen. It can be rented by the day from us with a man to run it.

We do any or all the work of putting your grounds in shape by contract or commission. Specifications and estimates furnished free. All inquiries cheerfully answered.

Index

If you do not see what you want in this list, write, as we may possibly have it, but not in sufficient quantity to catalogue.

HEDGE PLANTS

Evergreen: *Picea excelsa*, *Thuja occidentalis*, *Tsuga canadensis*.

Deciduous: *Ligustrum* (Privet), *Berberis*, *Cydonia*, *Hibiscus* (Rose of Sharon), *Syringa* (Lilac), *Symphoricarpus* (Snowberry), *Rosa rugosa*.

Carnations

are also a specialty of the Cottage Gardens Company, the principal varieties grown being the productions of Mr. Chas. Willis Ward, its president, who for his introductions has received three gold medals, five silver medals, the Thos. W. Lawson medal and over a hundred special diplomas and certificates. "The American Carnation; How to Grow It," by C. W. Ward, giving the actual experiences of the author, profusely illustrated, handsomely printed on fine enamel paper and bound in quarter cloth, sent, carriage prepaid, on receipt of \$3.50. Carnation catalogue, issued January of each year, will be sent upon request.

Herbaceous Peonies

The American Peony Society at the Chicago Convention last June awarded us the First Prize for the most extensive collection.

Our stock of 50,000 plants, containing over 400 varieties, has been selected with the greatest care and contains all the choicest and most desirable sorts of either recent or earlier introduction.

In the new sorts the flowers have attained immense proportions, reaching in some instances the large size of 7 to 9 inches in diameter and 5 to 6 inches in depth.

The range of colors is so varied that every tint of pink, white, red and crimson, and even yellow, is comprised in the list.

The vigor and habit of the plant have been so improved that stems two and one half to three feet in length and sufficiently strong to properly support the immense blooms are now grown.

Cultural directions and prices will be found in the Peony Catalogue, which is sent upon request.
